

Posting: Executive Director for Alberta Chicken Producers

November 15th, 2022

The board of Alberta Chicken Producers is looking for a strong leader to build on the remarkable service that our outgoing Executive Director, Karen Kirkwood, has brought to our industry over the past 13 years. Our new ED will champion the execution of our mission to create a thriving environment for sustainable chicken production in our competitive, consumer-focused value chain. The successful candidate will have a vivid track record of fostering teamwork and building trusting relationships. Strong communication skills are essential. The ED will work closely with the board; experience in governance is an asset.

The office and staff are based in Edmonton. We offer a comprehensive compensation package that is commensurate with experience and aligned with similar roles in similar organizations. The salary range will be \$160,000 to \$210,000, based on qualifications and experience.

We invite qualified people who are interested in this leadership position and care about the chicken industry in Alberta to apply by sending their résumé to Dhenry@richardsonsearch.ca by **December 10, 2022**. All applications will be held in confidence.
